This was the 1st annual for this match, “The Elliott Campbell Challenge”. It was nice to see everyone come out to participate in memory of the late Elliott Campbell. With a very good turn out of 18 shooters, we also had some new shooters come out for the day and give it a try and I think they really enjoyed it. It ended up being a very long shoot due to us deciding before hand to run with competitor marking. We would have most likely had more time to socialize and get acquainted with new shooters if we had hired markers. It seems this is how we learn.

It ended up being a very challenging day in many ways. As for the wind, it was in full force today and being very tricky. There was allot of switching going on, and as usual while you were in the aim. I can probably speak for everyone that we all had shots that we had no idea where they went or how they got there. Clear skies and 20 degrees were really nice to see for the day though. The last range of 800m was changed to 10 rounds on score rather than 15 as originally scheduled. This was answered with a big sigh of

relief from everyone, as I wasn't the only one completely wore out. This being said we still didn't get completed until shortly after 5pm.

Since this was the 1st annual of "The Elliott Campbell Challenge" I had asked Norma Campbell if she would like to come down to the range and present the new trophy (The Elliot Challenge Cup) to the winners. Norma, daughter Joan, granddaughters Rebekah and Danielle were all there for the presentation. We were all very glad to see Norma out on the range again. John Marshall had a short speech prepared to explain this match and describe Elliott and his many contributions to all of us individually, and the sport. This brought back memories for us that knew him, and a mental image for those who didn't have the privilege of knowing him personally. The day ended with a short prize ceremony and trophy presentation to the 1st place in Target Rifle and F-Class.

Well this was one of those days where the fog played with us again. At first we weren't sure if we would be able to see the targets or not. But it seemed to clear up and blow back in again off and on all day. At points it was very hard to see the aiming mark, then sometimes you just couldn't. We had one new shooter and a couple that haven't been out for many years, which was real nice to see. All in toll it was an enjoyable day and it was good to see everyone out again after the winter.

Ray Smeltzer

The turn out was a bit low due to the forecast of 15-20mm of rain for most of the day. With the heavy rain I drove through on my way in I was sure the day would be a canceled shoot. But we actually ended up with a fairly good turn out and had a really good day of shooting. Only a few times of misting rain to get us worried of the skies opening up. We ran with competitor marking and shot right through our lunch to try and beat the rain, and it worked. You will notice that 1st and 2nd place in F-class were very close! Some very good shooting in deed.

Ray Smeltzer
